Protein Source:
Whey Protein
L-arginine (8.7 N2 Eq)

PDCAAS 100

HCPCS Code: B4155

Appropriate for these diets:
Lactose Free, Gluten Free, Low Residue,
Sugar Free, Low Fat, Carbohydrate
Controlled

Can be used orally or through feeding tube.

Allergen: Milk

Phenylketonurics: Contains Phenylalanine

Shelf Life: 24 months

Each serving contains:
5 g of Whey Protein
4.5 g L-arginine
100 mg Vitamin C

Mixes easily in water.

Provides nitrogen equivalent of 14 g of intact protein.

Not for individuals with galactosemia.

Not a sole source of nutrition.

A Medical Food
Use under medical supervision.

NOT FOR PARENTERAL USE

FOR THE DIETARY MANAGEMENT OF PRESSURE INJURY

Argitein® is specifically formulated to provide the nutrients for the dietary management of pressure injury and wounds^{1,2,5,6,7} that require enhanced levels of protein and L-arginine.

- Pressure injury
- Diabetic foot ulcers
- Venous ulcers
- Burns and injuries
- Non-healing surgical wounds
- Increased protein needs

The National Pressure Injury Advisory Panel (NPIAP) recommends 1.25 to 1.5 g of protein per kg of body weight for wound healing. Larger draining wounds may require higher levels, up to 2.0 g of protein per kg of body weight, to offset protein losses from wound exudates. Argitein yields a high-protein-nitrogen intervention to meet the increased nitrogen needs associated with chronic, non-healing wounds.

Dosing and Administration

Oral: Mix one packet with 180-240 mL water or juice.

Tube Feeding: Mix one packet with 60 mL of water. Stir until completely dissolved. Infuse via syringe down feeding tube. Flush tube with 30 mL water before and after administration. Do not mix with tube feeding formula.

Note: Argitein is stable up to 24 hours after mixing but for best results we recommend consuming mixed product within 8 hours to insure maximum potency.

One packet of Argitein contains the nitrogen equivalent of 14 g of intact protein.

Ingredients: Whey Protein Isolate, L-Arginine, Citric Acid, Natural & Artificial Flavors, Malic Acid, Vitamin E Acetate, Ascorbic Acid, Red 40, Aspartame, Acesulfame Potassium.

Contains Milk.
